## MEVOTECH

PREMIUM CONTROL ARMS

O.E. FORM, FIT & FUNCTION

Lowest Defect Rate and Best Coverage!

- Engineered using the same materials and processes as O.E.
- Built to meet or exceed O.E specifications
- Greaseable fittings
- Hardware included

**Gates** Belts, Tensioners, & Idlers  
"My car is **squealing**!"

Is "Belt Noise" Alignment or Tension Related?

Spray the bottom of the belt with water only

- If the noise increases, it's tension-related
- If the noise goes away and then comes back, it's an alignment problem

Belts often get the blame for squeal when loss of tension is the real culprit.

**Gates** Complete Serpentine Kits

- All necessary OE-quality parts for a complete system restoration
- Simple ordering-no more sourcing parts separately
